Nobus

JUNE 7, 2017 // 7:30AM – 4:30PM

HOWARD COMMUNITY COLLEGE // SMITH THEATER

Join us for our eighth annual cyber conference, where we will explore innovation, funding, and growth. Participants can expect riveting discussions from cyber innovators and entrepreneurs, from leading venture capitalists and financiers, and from government agencies who look to our industry base for technologies and solutions.

There will be two separate tracks, ensuring there is something from the start-up, to the seasoned CEO to the everyday cyber practitioner. Regardless of whether you are growing a cyber industry business or a company that needs to know more about how to manage cyber threats in their organizations, there will be something for you.

SPECIFIC TOPICS INCLUDE

- Funding Growth & M&A
- Role of government and academia in innovation
- Threat assessment, prevention and remediation

COST

Chamber Members $125
Non-Members $150
